Licensed Manufacturer

 **Bradnam's**
windows & doors

A part of Bradnams **Signature** range
of windows and doors

The **bi-fold door** creates a moving glass wall that opens the interior of the home to the outside, providing unobstructed views, natural light and ventilation. The bi-fold door is ideal for entertaining areas.

A choice of left or right opening directions allows the selection of a layout to suit your home, and a single entry door can be added for quick access and day-to-day use.

As an alternative the bi-fold door can be used internally as well as externally in your home.

The outboard track system allows easy cleaning and the low force sliding system provides maximum performance.

Bradnams have patented the torsional blocking that ensures the bi-fold system retains its shape, without sagging or jamming.

select door with a high performance option

features and benefits

- Stack out of the way for unimpeded access
- Optional single entry door for easy access
- Bi-directional handling – Ability to stack to one side or multiple to both sides
- ‘Top hung’ or ‘bottom rolling’, dual purpose aluminium extrusion

- Energy efficient / High performance options
- Compatible with other Bradnams window and door products

Choosing the right energy efficient product is made easy with Bradnams online do-it-yourself **5 STAR WADS™** (Window and Door Selector). Go to bradnams.com.au

Solar Block™ is ideally suited to locations where keeping out heat, glare and damaging UV rays are a priority. Just like having sunglasses on your home.

Solar Comfort™ is the perfect choice for keeping comfortable temperatures all year round, despite the outside extremes. Spend less on heating and cooling your home and help the environment.

Sound Smart™ is a system that reduces external noise. By simply installing the right window and door system, you can ‘turn down’ the sound to far more comfortable levels.

Solar Secure™ is approximately 20 times harder to break through than ordinary glass, making it an ideal invisible and economical home security barrier.

Solar Sound n Secure™ offers comfort, safety and acoustic high performance in one window. Ideal for residential, high rise and commercial applications.
